

Model ECB-2S
Industrial Wall-mounted
Ozone Generator

Main specification:

Input Voltage: 220V; 50Hz.

Power Consumption: 450W.

Overload Current Protection: 4A.

Distribution Rate: 650 m³/h.

Ozone Generation Rate: 12,500 mg/h.

Remote function key for remote control operation.

Metal enclosure coated with anti-rust powder coating.

Color: Black and Yellow.

Operation Conditions: Indoors use only.

Temperature range: 0°C to 35°C

Relative humidity: up to 95%.

Dimensions:

Height: 70 cm; additional 14 cm with optional outlet coupler.

Width: 36cm, depth: 33.5cm. Net weight: 30kg.

Shipping dimensions: 76 x 45 x 45 cm, Gross weight: 34kg.
